Reasons for Allowance

Claims 44-48, 50 and 53-54, 56, 59-60 and 63-90 of the amendment filed 1/8/2008 are allowed. The following is an examiner's statement of reasons for allowance of these claims: Nothing in the prior art anticipates or suggests, "obtaining a set of records, each record comprising a plurality of attributes; assigning a pixel to each of said records to provide record-assigned pixels, wherein every such record-assigned pixel in the chart is assigned to a different record; and constructing the pixel bar chart by: partitioning the record-assigned pixels into groups along a first axis of the pixel bar chart according to a first dividing attribute; partitioning the record-assigned pixels in the groups into sub-groups along a second axis of the pixel bar chart according to a second dividing attribute; after partitioning into the sub-groups, sorting, in each of the sub-groups, the record-assigned pixels according to a first ordering attribute along the first axis of the pixel bar chart, and according to a second ordering attribute along the second axis of the pixel bar chart, wherein each record-assigned pixel is -adjacent at least one other record-assigned pixel" in a method executed by a computer to form a pixel bar chart for display on a display monitor, set forth in the base claim 44. The claims 45-48, 50, 53-54, 56, 59-60 and 63-90 are allowed for the same reasons. See the Board Decision on 11/12/2010.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
